Profile Summary

I'm an experienced Associate Developer passionate about creating exceptional digital experiences. Skilled in HTML, CSS, JavaScript, and React, I focus on building responsive and user-friendly web applications. I enjoy solving real-world challenges that drive innovation and deliver high-quality results. My experience collaborating with teams and projects has honed my ability to translate ideas into functional solutions. I actively seek dynamic projects where I can learn, grow, and contribute to impactful frontend development.

Skills

Languages:	JavaScript (ES6+), TypeScript
 Frontend Frameworks 	React.js, Redux, Next.js
 Styling 	CSS3, SCSS, Tailwind CSS, Bootstrap
Tools & Platforms:	Git, GitHub, VS Code, Figma, Vercel
Other:	REST APIs, JSON, Responsive Web Design

💼 Experience

Frontend Developer | Octopus Technology, Surat

Dec 2024 – Present
- Developed and maintained web applications with React.js and Redux.
- Built responsive UI components from Figma designs using CSS/Tailwind.
- Integrated REST APIs and optimized performance for faster load times.
- Collaborated with backend developers and designers in an Agile environment.

📰 Projects

E-commerce Frontend

Built an e-commerce application with React.js & Redux for product listing, cart, and checkout functionality.

Healthcare Web App

Designed a healthcare management system frontend with React.js for patient and service tracking.

React Toolkit Project

Created reusable tools and components using React Toolkit for faster development.

🎓 Education

Bachelor of Business Administration (BBA)

CSJMU University, Kanpur – 2020
